

## Abstract

Put the abstract here.

## 1 Introduction

I want to show how phenomenon X can be dealt with within the framework of HPSG (Pollard & Sag 1987, 1994). This has also been shown in earlier publications (Pollard & Sag 1987: 145, 1994: 256).

For an overview see Borsley & Crysmann (2021).

The migrated HPSG proceedings should be cited with CSLI Publications as publisher and DOI. Sag (2007) is an important example.

## 2 Conclusion

Some conclusions.
